

Pursuant to Minnesota Statutes Chapter 103D, and on the basis of statements and information contained in the permit application, correspondence, plans, maps, and all other supporting data submitted by the applicant, and made a part hereof by reference, PERMISSION IS HEREBY GRANTED to the applicant named below for use and development of land in the Minnehaha Creek Watershed District.

Issued: Matt Juvrud

Permit No: 22-226

Location: 1856 Shadywood Road, Orono 55391

Purpose: Erosion Control for demolition of existing house and construction of a new house.

Date of Issuance: 5/12/2022

Date of Expiration: 5/12/2023

By Order of the Board of Managers

Lily Hock
Permitting Technician

This permit is not transferable without District approval and is valid to the date of expiration. No activity is authorized beyond the expiration date. If the permittee requires more time to complete the project, an application for renewal of the permit must be received by the District at least 30 days before expiration.

The applicant is responsible for compliance with all District Rules and for the action of their representatives, contractors, and employees.

Conditions: Project to be completed as described in plans submitted to the MCWD office on May 12th according to the provisions of this permit.

- Properly install and maintain all required erosion control measures until the disturbed areas are re-stabilized
- Notify MCWD in writing upon completing installation of perimeter and sedimentation controls
- When the site is re-stabilized and the MCWD staff has performed a final inspection, all perimeter control must be removed

(Statement concerning fees for inspections, violations, etc... on following page)

We collaborate with public and private partners to protect and improve land and water for current and future generations.

Inspection/Analysis/Monitoring Fees

A site inspection and monitoring by District staff will be performed where the activity involves:

- a commercial/industrial/multi-family residential development
- a single family residential development greater than 5 acres or of any size if within the Minnehaha Creek subwatershed
- any alteration of a floodplain or wetland
- dredging within the beds, banks or shores of any protected water or wetland
- a violation
- any project which in the judgment of the District staff should be inspected due to project location, scope, or construction techniques

In these cases, the applicant shall pay to the District a fee equal to the actual costs of field inspection of the work, including investigation of the area affected by the work, analysis of the work, and any subsequent monitoring of the work, which in the case of a violation shall be at least \$35.
