

TO: Mark E. Bernhardson, City Administrator
FROM: John R. Gerhardson, Public Works Director
DATE: May 10, 1990
SUBJECT: Drainage Problem - 3779 Casco Avenue

Mr. Dean Greimann, 3779 Casco Avenue has submitted a request for assistance of a drainage problem in his back yard at the above address.

Mr. Greimann and I have discussed the matter on more than one occasion in the past few years and I have advised Mr. Greimann that he is responsible for the repairs to the underground pipe.

Mr. Greimann is now requesting a feasibility study to determine the most feasible and cost effective way to correct the problem. Glenn Cook, City Engineer, has stated that a very rough estimate for a feasibility study will cost \$1,500.

RECOMMENDATION - To review the information presented with comments from Mr. Griemann and to respond to any questions from Council and to table any further action until a later date.

PROPOSED MOTION - Moved by __, seconded by __, to review the information presented with comments from Mr. Greimann and to respond to any questions from Council and to table any further action until a later date. Ayes __, Nays __.

TO: Mayor and City Council
FROM: Mark E. Bernhardson, City Administrator

Forwarded recommending approval.

MR. MARK BERNHARDSON
CITY ADMINISTRATOR
CITY OF ORONO

DEAR MR. BERNHARDSON:

I HAVE BEEN A PROPERTY TAX PAYING CITIZEN OF THE CITY OF ORONO FOR TWELVE YEARS AT THE ABOVE LISTED ADDRESS. IN SPEAKING WITH JOHN GERHARDSON ON 3-29-90 HE INFORMED ME TO WRITE THIS LETTER OF FORMAL REQUEST FOR REVIEW BY THE CITY COUNCIL.

MY REQUEST IS FOR THE CITY OF ORONO TO CONDUCT A FEASIBILITY STUDY TO UPDATE AND IMPROVE THE DRAINAGE SYSTEM CURRENTLY USED TO COLLECT AND TRANSPORT WATER RUN OFF FROM THE CITY STREETS SURROUNDING MY PROPERTY. THE EXISTING DRAINAGE TILE IS BROKEN AND COMPLETELY BLOCKED WHERE IT IS SUPPOSED TO OPENLY DRAIN UNTO MY PROPERTY. THIS BLOCKAGE CAUSED SEVERE EROSION DURING THE ELEVEN INCH, FOUR HOUR RAIN IN THE SUMMER OF 1987.

3-18-03 Property owner at 3779 Casco Avenue
Dean Grimen
Want some riprap dropped off along Casco Avenue
to fix washout at end of culvert. He said we did
this previously and he hauled it down the hill to fix
the problem. Thanks *gz* (believe after weight limits off)
