Robert Waade  
998 Wildhurst Trail  
Orono, MN 55364

Dear Bob:

This letter should serve as notice of additional requirements of the storm sewer adjacent to the sanitary sewer lift station on Wildhurst Trail.

A culvert must be extended from the catch basin southeasterly. The culvert must also have a flared end.

If you have questions, please call me at 473-7357.

Sincerely,

John R. Gerhardson  
Public Works Director
